Secondary Education and Teacher Certification Programs in English; Foreign Languages (Chinese, French, German, Italian, Japanese, Spanish); Mathematics; Sciences (Biology, Chemistry, Earth Sciences, Physics); and Social Studies

Pre-Kindergarten through Grade 12 Certification in Teaching English to Speakers of Other Languages (TESOL)

Education and Teacher Certification

The Professional Education Program offers programs to prepare students to become teachers of academic subjects in secondary schools (grades 7 through 12) and to become teachers of English to speakers of other languages (TESOL) in grades Pre-K through 12. Stony Brook's teacher certification programs are registered and approved by the New York State Education Department.

Students complete the requirements of either a Departmental major or an interdisciplinary major in addition to teacher certification. It is recommended that students consult their planned major department as early as the second semester of the freshman year but no later than the second semester of their sophomore year to determine if the major includes the teacher education option. It is necessary to apply for admission to the Professional Education Program and to obtain guidance from program coordinators in completing teacher education and departmental major requirements for a degree. Teacher Education programs are offered in the following subject areas:

1. Certification Grades 7 through 12:
   - English
   - Foreign Languages: Chinese, French, German, Italian, Japanese, and Spanish
   - Mathematics
   - Sciences: Biology, Chemistry, Earth Sciences, Physics (General Science 7-12 Extension Certification options are available for these programs)
   - Social Studies

2. Certification Grades Pre-K through 12:
   - Teaching English to Speakers of Other Languages (TESOL)

Accelerated Bachelor's/Master's Degree Programs are also available. Prospective students should contact the director of the certification program that they are interested in for information about this enrollment option.

All graduate and five-year accelerated bachelor's/master's level programs include 5-6 extension options (except for TESOL, which is a PreK-12 program) with the addition of CEE 601 and CEE 602.

All students seeking a certification and resulting NYS license in the teaching of a specific science (Biology, Chemistry, Earth Science, or Physics) at the adolescent level (Grades 7 to 12) can, by the completion of 18 credits in two or more sciences combined other than the primary science for which they are licensed, add a General Science Extension to their primary license. See your teacher preparation program director or academic advisor for additional information.

University-Wide Coordination of the Programs

The various programs, each of which is registered and approved by the New York State Education Department, are coordinated by the Nationally Accredited Professional Education Program (PEP). PEP performs a major role in the Long Island region by coordinating, supporting, strengthening, and developing: 1) undergraduate and graduate (pre-service) and graduate (in-service) teacher certification and teacher education; 2) educational research and development; and 3) school-university partnership programs. PEP has had a significant positive impact upon the Long Island region and is widely recognized as a symbol of Stony Brook University's commitment to teacher education.

The University-wide approach to teacher education adopted by Stony Brook provides graduates of our teacher education programs with the intellectual rigor of an academic major as well as a valuable professional credential that qualifies them to teach in New York State and many other states in the country.

Requirements for the Teacher Education Programs

General Information
Clinical placements for Stony Brook students are available in a cross-section of partnering school districts that draw upon populations with a wide range of socio-economic and cultural backgrounds, and students with diverse needs. Many of these schools are engaged in innovative and experimental programs in education.

The Office of Teacher Certification at Stony Brook advises prospective teacher certification candidates in Stony Brook programs on procedures for obtaining New York State teacher certification. Clearance and applications for the certificate are processed by the Office of Teacher Certification, which keeps all documentation pertaining to these services on file and makes it available to students for in-state and out-of-state certification purposes, and to prospective employers upon presentation of a hand-signed FERPA Release Form.

Certification is not automatic. Upon successful completion of the University's program, the student must apply for state certification by doing the following:

1. Complete the necessary online application form, available on NYSED's TEACH website (http://www.highered.nysed.gov/icert/certificate/apply.html).
2. Complete the certificate requirements for Identification and Reporting of Child Abuse and Maltreatment, Substance Abuse Recognition and Referral, School Violence Prevention and Intervention, and Fingerprinting Clearance.
3. Pass the New York State Teacher Certification Examinations (NYSTCE).
4. Submit a completed FERPA Release Form and Information Sheet with accompanying processing fee to the Teacher Certification Office for recommendation to NYSED upon completion of an institutional-based program.

The Career Placement Center helps students in three ways. Through its credentials service, recommendations supporting students in their application for jobs are kept on file. Copies of these recommendations are sent to prospective employers upon request. The center also posts announcements for teaching jobs available locally and in schools around the country. Students seeking employment in school districts off Long Island are invited to participate in the Long Island Teachers Recruitment Consortium. For more information, contact the Career Placement Center at (631) 682-6810 (Voice/TDD).

The Professional Education Programs follow guidelines set forth by the College of Arts and Sciences regarding rules effecting probation and/or academic dishonesty for undergraduate students matriculated in teacher education programs. Please refer to other sections of the Undergraduate Bulletin for additional information.

Requirements of the Teacher Education Programs

Students applying for certification must satisfy the following requirements:

1. Students must formally apply for admission to one of the six teacher certification programs by completion of the appropriate application with supporting documentation and “declaration of major form.” An essay (500-750 words) on a topic germane to education is required of all students. Admission requirements may also include interviews and submission of writing samples. Registration in methods courses as well as other certification courses requires admission to the Professional Education Program. For some courses, approval of the PEP Program Director may be required. Submission of the application by the end of the sophomore year is recommended.

2. Students must complete all requirements of their chosen academic major, with a minimum of 36 credits in the content field required for teacher certification. Stony Brook requirements exceed NYSED requirements in most instances. Be sure to check specific requirements relative to the content area in which you wish to be certified with the appropriate Program Director.

3. Students must complete all pedagogy credits in the professional study of education (credits vary according to the specific certification program) including foundation and literacy courses, and 100 hours of fieldwork prior to student teaching with specific experiences dealing with areas related to high-needs districts, ethnic and cultural diversity, inclusion of students with special needs, integration of technology in the curriculum, literacy across all curricula, and other selected topics.

4. Students must complete 75 days of supervised student teaching.

5. All teacher candidates must have one year of a language other than English at the college level on a transcript of record. This requirement may be met through the study of American Sign Language as well as foreign languages. Please note that some majors have more extensive language requirements.

6. Students should maintain a cumulative g.p.a. of 2.75 to remain in good standing. A student who earns less than a C in either of two methodology courses and/or the student teaching seminar must repeat the course, as well as the associated field experience, and earn a satisfactory grade before being permitted to advance to the next course in the professional education sequence. A student who earns below a C in either the foundations or literacy courses must earn a satisfactory grade in these courses prior to being accepted for student teaching placement. Students must also meet program standards on all PEP performance assessments to remain in good standing and advance through the program. Professional education courses may only be repeated once. Students must complete all courses required for the major, cognate fields, and professional licensure before they will be allowed to student teach.

Note: In some instances, departmental requirements may vary from the standards outlined above. It is incumbent upon the student to contact the Teacher Education Program Director within their department or division for updates to these requirements. Requirements for degree and certification are subject to change; it is the responsibility of the individual student to consult the PEP Guide to Teacher Education for current regulations and further information.

The Liberal Arts and Sciences Test (LAST) is an assessment of general knowledge, concerned with basic verbal and mathematical reasoning. The Content Specialty Test (CST) is an assessment of knowledge in the cognate field and is predicated around the guidelines in a specific content...
area, grades 7-12. The Assessment of Teaching Skills-Written (ATS-W) is an assessment of knowledge of pedagogy and teaching methodology as it relates to a specific cognitive area.

Effective February 2004, all candidates for Initial License must have passed the LAST (Liberal Arts and Sciences Test), ATS-W, and CST to quality for state certification. There are five test dates per annum and no more than two tests can be taken on any given test date. The LAST must be taken no later than December for students who plan to student teach the following fall, and no later than July for students who plan to student teach in the spring semester. The other two tests should be taken at the first test administration during student teaching. Students may register online at: http://www.nystce.nesinc.com/. To get an overview of the fields of knowledge assessed on these tests, follow the "Test Frameworks" link at this URL. Students should also visit this web link for updates regarding changes to NYSED testing requirements (anticipated for candidates graduating in May 2013 or after), and/or contact their program director for additional information and guidance.

Prior to filing for certification, all teacher candidates must have their fingerprints cleared by the Division of Criminal Justice Services. In addition, all teacher candidates must have successfully completed two-hour seminar/workshops in Identification and Reporting of Child Abuse and Maltreatment, Substance Abuse Recognition and Referral, and School Violence Prevention and Intervention. Certificates of Completion for these workshops must accompany the application for license along with transcripts from all institutions attended that contain coursework relevant to the specific license. This coursework must contain content, pedagogy, field experience including student teaching, and a minimum of one year of language other than English at the college level. The language requirement may vary by major and in some instances may require completion of two years of language.

7. Additional requirements set by the academic department in charge of the certification area.

Note: Courses taken for Pass/No Credit may not be used to satisfy the preparation in professional education component of any Teacher Education Program.

The following sections describe specific requirements for each of the University's Teacher Education Programs.

English Secondary Teacher Education Program

Program Director: Kenneth Lindblom, Ph.D., Department of English

Students interested in earning English Teacher Certification are encouraged to contact the Program Director for advisement.

Requirements for Initial Certification

A. All requirements for the major in English with a minimum of 36 credits in the cognate field, including specific course content areas required for accreditation. See Program Director for details.

B. A 3.00 grade point average.

C. A writing sample that best reflects the candidate's good writing skills.

D. Professional educational requirements:

1. PSY 327 Human Growth and Development in the Educational Context
2. SSE 350 Foundations of Education
3. CEF 347 Introduction to Special Education
4. EGL 440 Performance and Technology in Teaching Literature and Composition
5. EGL 441 Methods of Instruction in Literature and Composition
6. EGL 449 Field Experience I
7. EGL 450 Field Experience II
8. LIN 344 Language Acquisition and Literacy Development
9. EGL 451 Supervised Teaching--Grades 7-9
10. EGL 452 Supervised Teaching--Grades 10-12
11. EGL 454 Student Teaching Seminar

Note: To be eligible for EGL 441, students must have declared an English major and the teacher education program, and have taken at least one 300-level English course. The Program has established a number of specific requirements that may be satisfied through the courses taken to fulfill the requirements for the major. Consult with the Program Director for detailed information.

Foreign Languages Secondary Teacher Education Program

Program Director: Sarah Jourdain, Ph.D., Department of European Languages, Literatures, and Cultures

This program prepares students to be teachers of Chinese, French, German, Italian, Japanese, and/or Spanish in the secondary schools. It satisfies all requirements for New York State initial certification for the teaching of Languages Other Than English (LOTE), grades 7-12. This program is only open to students with majors in Asian and Asian American Studies, French, German, Italian, or Spanish.

Students who wish to enter this program are expected to consult the program director and establish an advising folder prior to the beginning of the junior year. Failure to do so may result in delays in meeting the certification requirements. The program is designed to be completed sequentially in the last two years of the teacher candidate's degree program. The final semester of the program is a full-time student teaching experience in a regional school with accompanying evening seminar at the University.
Requirements for Initial Certification in Any of the Languages

A. Completion of the requirements for the major in Asian and Asian American Studies, French, German, Italian, or Spanish

B. Professional educational requirements:

1. PSY 327 Human Growth and Development in the Educational Context
2. SSE 350 Foundations of Education
3. CEF 347 Introduction to Special Education
4. FLA 339 Methods and Materials in the Teaching of Foreign Languages and Field Experience I
5. FLA 340 Curriculum Development and Micro-Teaching and Field Experience II
6. LIN 344 Language Acquisition and Literacy Development
7. FLA 449 Field Experience I
8. FLA 450 Field Experience II
9. FLA 451 Supervised Teaching--Foreign Language, Grades 7-9
10. FLA 452 Supervised Teaching--Foreign Language, Grades 10-12
11. FLA 454 Student Teaching Seminar

Students are urged to take as many advanced language courses as possible and participate in a study abroad program prior to student teaching. Students must complete 36 credit hours of courses in the language to be eligible for certification. Courses taught in English will not satisfy the language requirement for certification purposes.

Prior to student teaching, students must participate in an official ACTFL OPI (Oral Proficiency Interview) and receive a minimum spoken proficiency rating of Advanced-Low as defined in the ACTFL Proficiency Guidelines-Speaking (1999). Students must contact Language Testing International (LTI) and arrange for either a face-to-face OPI or a phone interview.

Students wishing to prepare for dual certification (i.e., certification in two foreign languages) should consult the advisor for foreign language teacher education.

Notes:

1. To be eligible for FLA 339, the student must have declared a language major and the teacher education program, and have taken at least one 300-level language course and one 300-level literature course. Both FLA 339 and FLA 340 must be successfully completed prior to student teaching.
2. To be eligible for student teaching, students must have maintained a 3.00 g.p.a. in the major and a 2.75 g.p.a. overall.
3. Students should consider FLA 439, Introduction to Technology for Language Teaching, and FLA 440, Foreign Language Acquisition Research, in choosing electives for their major.

French, German, or Italian Secondary Teacher Education Program

Students wishing to prepare for certification as secondary school teachers of French, German, or Italian, or any combination of two languages, including Spanish, should consult appropriate departmental advisors concerning requirements and procedures for the teacher education program. Those seeking certification in German are urged to take GER 411, GER 412, and GER 438 in addition to the courses required for the major and certification.

Chinese or Japanese Secondary Teacher Education Program

Students wishing to prepare for certification as secondary school teachers of Chinese or Japanese, or any combination of two languages, including French, German, Italian, and Spanish, should consult appropriate departmental advisors concerning requirements and procedures for the teacher education program.

Spanish Secondary Teacher Education Program

Students who wish to prepare for certification as secondary school teachers of Spanish should choose SPN 462, SPN 463 or SPN 465 in satisfying major Requirement A.5. They should consult appropriate departmental advisors concerning additional requirements and procedures in the teacher education program.

Mathematics Secondary Teacher Education Program

PROGRAM DIRECTOR: Lisa Berger, Ph.D., Department of Mathematics

This program prepares students to be teachers of mathematics in the secondary schools and satisfies all requirements for New York State initial certification for teaching mathematics, grades 7 to 12. It is only open to students with majors in Mathematics or Applied Mathematics and Statistics.

Students who wish to enroll in the program should apply to the undergraduate mathematics teacher preparation program during the second semester of their sophomore year, or the first semester of their junior year. Sophomore applicants should have taken at least two semesters of calculus, linear algebra, and MAT 200. Completion of a third semester of calculus is strongly recommended. Applicants must have grades of “C” or higher in each of these courses, with an average grade of at least “B”. In addition, applicants are required to have an overall grade point average of 2.75 or higher.

Requirements for Initial Certification
A. Completion of either the mathematics or the applied mathematics and statistics major.
B. Completion of, or exemption from, the following courses:
   • MAT 200 Language, Logic, and Proof;
   • MAT 312 Applied Algebra OR MAT 313 Abstract Algebra
   • MAT 319 Foundations of Analysis OR MAT 320 Introduction to Analysis
   • MAT 336 History of Mathematics
   • MAT 360 Geometric Structures
   • AMS 310 Probability and Statistics.
C. Professional educational requirements:
   1. MAE 301 Foundations of Secondary School Mathematics
   2. MAE 302 Methods and Materials for Teaching Secondary School Mathematics
   3. MAE 311 Introduction to Methods of Teaching Secondary School Mathematics
   4. MAE 312 Micro-Teaching
   5. MAE 447 Directed Readings in Mathematics Education
   6. PSY 327 Human Growth and Development in the Educational Context
   7. SSE 350 Foundations of Education
   8. CEF 347 Introduction to Special Education
   9. LIN 344 Language Acquisition and Literacy Development
   10. MAE 451 Supervised Teaching - Grades 7-9
   11. MAE 452 Supervised Teaching--Grades 10-12
   12. MAE 454 Student Teaching Seminar

Notes:
1. To be eligible for MAE 301/MAE 311, students must have declared a major in either mathematics or applied mathematics and statistics, and the teacher education program.
2. To be eligible to student teach, students must have:
   • passed the CST (Content Specialty Test);
   • a grade of C or higher but with a minimum g.p.a. of 2.75 total in: all courses required for the MAT or AMS major; AMS 310; MAT 336; MAE 301, MAE 302, MAE 311, MAE 312, MAE 447; PSY 327, SSE 350; LIN 344;
   • a minimum g.p.a. of 2.75 in the MAE courses above;
   • a minimum cumulative g.p.a. of 2.75 in the mathematics courses above, or permission of program director.
3. With the permission of the Director of Mathematics Education, a well-prepared student may substitute MAT 364 for MAT 360.
4. Students are strongly encouraged to take MAE 330, AMS 301, and a one-year sequence that uses mathematics in physics, chemistry, biology, engineering science, or economics.

Science Secondary Teacher Education Program

PROGRAM DIRECTOR: Keith Sheppard, Ed.D., Department of Biochemistry and Cell Biology
PROGRAM ASSOCIATE DIRECTOR: Linda Padwa, M.A., Department of Biochemistry and Cell Biology
PHONE: (631) 632-7075

The Science Secondary Teacher Education Program offers undergraduate science education courses satisfying New York State requirements for initial certification as a secondary school teacher of biology, chemistry, earth science, general science, and physics. This program is only open to students with majors in biology, chemistry, earth and space sciences, physics.

Consult the Science Secondary Teacher Education Program concerning professional development courses. While the Program Director or Associate Director will advise regarding professional education requirements toward certification, students should approach departmental Teacher Education Program Directors for advisement concerning content requirements only relative to obtaining a license within a given cognate field.

Biology Secondary Teacher Education Program

This program is designed for students preparing to teach biology in secondary schools. Consult the director of undergraduate studies in biology for more details about appropriate biology courses. The content Director for undergraduate Biology majors is Dr. J. Peter Gergen. The undergraduate Biology Advisor for the Teacher Preparation Program is Ms. Ellen Lopez.

Chemistry Teacher Preparation Program

This program is designed for students preparing to teach chemistry in secondary schools. Consult the director of undergraduate studies in chemistry for more details about appropriate chemistry courses. The content Director for the undergraduate Chemistry program is Dr. Susan Oatis.

Earth Sciences Secondary Teacher Education Program

This program is designed for the student who is preparing to teach earth sciences in secondary schools. Consult the director of undergraduate studies in the Department of Geosciences for further details about appropriate disciplinary courses. The content Director for the undergraduate Earth Science program is Dr. Gilbert Hanson.

Physics Secondary Teacher Education Program

Stony Brook University: www.stonybrook.edu/ugbulletin
This program is designed for the student who is preparing to teach physics in secondary schools. Consult the director of undergraduate studies in physics for further details about appropriate physics courses. The content Director for the undergraduate Physics program is Dr. Robert McCarthy.

Requirements for Initial Certification in any of the Sciences

A. Completion of the requirements for the biology, chemistry, earth and space science or physics major
B. Professional educational requirements:
   1. PSY 327 Human Growth and Development in the Educational Context
   2. SSE 350 Foundations of Education
   3. CEF 347 Introduction to Special Education
   4. LIN 344 Language Acquisition and Literacy Development (3 credits)
   5. SCI 410 Pedagogy and Methods for Science Education I
   6. SCI 420 Pedagogy and Methods for Science Education II
   7. SCI 449 Field Experience I
   8. SCI 450 Field Experience II
   9. SCI 451 Supervised Teaching-Middle Level Science (grades 7-9)
   10. SCI 452 Supervised Teaching-High School Science (grades 10-12)
   11. SCI 454 Science Student Teaching Seminar
   Note: To be eligible for SCI 410/SCI 449, students must have declared a major in one of the above sciences and the teacher education program and have taken at least four science laboratory courses.

Social Studies Secondary Teacher Education Program

PROGRAM DIRECTOR: Lawrence Frohman, Ph.D., Department of History

The Social Studies Secondary Teacher Education Program prepares undergraduates for initial certification as secondary school (7-12) social studies teachers. Students wishing to apply to the program should consult with the program director as early as possible in their academic careers to insure that all program requirements are completed in a timely manner and graduation is not delayed. This program is only open to students with majors in Africana studies, anthropology, economics, history, political science, and sociology.

Requirements for Initial Certification

Students must complete the following requirements:
A. Preparation in Social Sciences
   1. A major in one of the following social science departments: Africana Studies, Anthropology, Economics, History, Political Science, or Sociology. These are the only majors that are acceptable for social studies certification.
   2. A minimum of 48 credits in the social sciences, including courses in the departments mentioned above but excluding psychology, linguistics and multidisciplinary studies. Students should note that not all courses offered through interdisciplinary programs (Africana Studies and Women's Studies, in particular) are considered social science courses for the purpose of state certification. Check with a program advisor before enrolling in such courses.
   3. The Program has established a number of specific requirements that must be satisfied through the 48 social science credits required by the program. Consult with the Program Director for detailed information.

B. Professional educational requirements:
   1. PSY 327 Human Growth and Development in the Educational Context
   2. SSE 350 Foundations of Education
   3. CEF 347 Introduction to Special Education
   4. LIN 344 Language Acquisition and Literacy Development
   5. SSE 397 Teaching Social Studies
   6. SSE 398 Social Studies Teaching Strategies
   7. SSE 449 Field Experience I
   8. SSE 450 Field Experience II
   9. SSE 451 Supervised Teaching-Social Studies, Grades 7-9
   10. SSE 452 Supervised Teaching-Social Studies, Grades 10-12
   11. SSE 454 Student Teaching Seminar
   Notes:
   1. To enroll in SSE 397/SSE 449, students must have declared a major in an appropriate social science department, and been accepted into the teacher education program.
   2. Courses taken for Pass/No Credit may not be used to satisfy the 48-credit Requirement A, Preparation in Social Science.
   3. Business courses may not be used to satisfy the economics course requirement.
   4. Students must have a g.p.a. of 2.75 or higher to qualify for student teaching.

Teaching English to Speakers of Other Languages (TESOL) Pre-K-12 Teacher Education Program

INTERIM PROGRAM DIRECTOR: Ximena Zate, Ph.D., P.D., Department of Linguistics

The TESOL Teacher Education Program prepares undergraduates for initial certification as Pre-K-12 teachers of English to Speakers of Other Languages. Students wishing to apply to the program must major in Linguistics and have a minimum GPA of 2.75 overall and 3.0 in the major.
Prospective applicants must consult with the Undergraduate Director in Linguistics and the Director of the TESOL Program as early as possible in their academic careers to ensure completion of the program requirements in a timely manner. The PEP Undergraduate Application form must be submitted to the Director of the TESOL Education Program by April 15 for Fall admission and by November 15 for Spring admission. Students must maintain a 2.75 overall GPA and a 3.0 GPA in the major in order to remain in the program.

Requirements for Initial Certification

A. Completion of all requirements for the major in Linguistics.

B. A 3.00 g.p.a. in the major and a 2.75 overall g.p.a.

C. Two years of college-level study of a language or languages other than English. (Completion of Skill 3 Basic Foreign Language Competence satisfies the first year of this requirement.)

D. Linguistics and foundations courses:
   - LIN 101 Introduction to General Linguistics
   - LIN 201 Phonetics
   - LIN 211 Syntax
   - LIN 301 Phonology
   - LIN 307 Introduction to Sociolinguistics
   - LIN 431 Structure of an Uncommonly Taught Language
   - Plus one additional 3 credit upper division linguistics course

E. Professional educational requirements:
   1. PSY 327 Human Growth and Development in the Educational Context
   2. SSE 350 Foundations of Education
   3. CEF 347 Introduction to Special Education
   4. LIN 344 Language Acquisition and Literacy Development
   5. LIN 375 TESOL Pedagogy: Theory and Practice
   6. LIN 378 Content-based Language and Literacy Development
   7. LIN 449 Field Experience I (1 credit co-requisite of LIN 375)
   8. LIN 450 Field Experience II (1 credit co-requisite of LIN 378)
   9. LIN 451 Supervised Student Teaching in TESOL (grades P-6)
   10. LIN 452 Supervised Student Teaching in TESOL (grades 7-12)
   11. LIN 454 Managing Instruction, Assessment and Resources

Note: To be eligible for LIN 375, students must have:
   1. Declared a major in linguistics
   2. Been accepted into the TESOL Education program
   3. Received a grade of C or higher in LIN 101, LIN 201, or LIN 211
   4. For non-native speakers of English, received a SPEAK score of 57 or higher or TOEFL (iBT) Speaking score of 28

Pathways to Certification

Initial Licensure requires course work as indicated in the charts below. Students must apply for admission and be formally accepted into each program.

Professional Licensure requires 3 Yrs. of Teaching at Level (1st year – mentored) and a functionally relevant masters degree plus NYSTCE — ATS-P

License Maintenance requires 175 Hrs. of In-service Course work within 5 years

CHI

Chinese Language

CHI 101: Intensive Elementary Chinese
An intensive, 6-credit, elementary-level Chinese language course that provides foundational knowledge and skills including pronunciation, basic everyday conversational proficiency, principles of character formation, basic grammatical rules, and basic cultural norms and preferences that govern language use. Drawing upon a communicative approach, this course situates oral and written language in real-life contexts and promotes learner-centered, interactive classroom activities. This course is designed for students who have no prior knowledge of the language. A student who has had two or more years of Chinese in high school (or who has otherwise acquired an equivalent proficiency) may not take CHI 101 without written permission from the supervisor of the course. May not be taken for credit after any other course in Chinese.

6 credits

CHI 111: Elementary Chinese I
An introduction to spoken and written Chinese Mandarin, with equal attention to speaking, reading, and writing. Laboratory practice supplements class work. No student who has had two or more years of Chinese in high school or who has otherwise acquired an equivalent proficiency will be permitted to enroll in CHI 111 without written permission from the supervisor of the course.

CHI 426: Structure of Mandarin Chinese
Mandarin Chinese is only one of a very few contemporary languages whose history is documented in an unbroken tradition extending back to the second millennium BC. At the same time, it has more speakers than any other language spoken in the modern world. This course, which is taught in English, provides an introduction to the phonology, morphology, syntax, semantics, and writing system of the Mandarin Chinese language. It is designed to familiarize students with some fundamental knowledge of the structure of spoken and written Mandarin Chinese. Specifically, it aims to enable the students to acquire an understanding of basic methods used by linguists to observe and gather Mandarin Chinese data, to delineate structural properties with regard to the sound, tone, word, grammar, and discourse of the language, and to develop a basic typological comparison between Mandarin Chinese and English. Not for credit in addition to AAS 350.

Prerequisite: CHI 302 or permission by instructor
3 credits

CHI 447: Directed Readings in Chinese
Individually supervised readings in selected topics in Chinese language and literature or, alternatively, for the purpose of developing Chinese vocabulary in a secondary field, in selected topics in the humanities, social sciences, or natural sciences. May be repeated.

**EGL 305 - J: The Pacific, Travel & Empire**
This cultural studies course examines the cultures of travel (i.e. fiction, memoirs, photography, and filmmaking) in narratives by and about the Pacific, South and Southeast Asia. We will study "empire" by analyzing narratives about the former colonies of Spain, France, Britain and the United States. As we discuss the metaphors or tropes of empire, we will also examine the concept of empire as a historical and contemporary formation, or what an empire meant in the 19th century and what it means today in the early 21st century. The course begins with the premise that travel narratives and modern visual culture illuminate the relationship between the violence and romance of travel. The course includes modern travel narratives (i.e. novels by Asian Americans) that focus on the lives of those who are forced to travel or migrate due to civil war, poverty and/or economic instability. This course is offered as AAS 305 and EGL 305.

EGL 389 - H: Science Fiction

The literary genre called Science Fiction enables us to explore our nature, and that of the universe we inhabit, by postulating worlds, cultures and technologies that do not (yet) exist, but could, and the consequences thereof. This course focuses on the sub-genre called hard science fiction, in which the science/technology is more or less plausible. Students should be prepared to address the genre from both its scientific and literary sides. This course is offered as both AST 389 and EGL 389.

FLA

FLA 339: Methods and Materials in the Teaching of Foreign Languages
A review of methods and materials for the teaching of foreign languages and literatures in the secondary schools. Special attention is given to the problems and purposes of the teaching of foreign languages at the high school level.
Prerequisites: Admission to a Foreign Language Teacher Preparation program; C or higher in one 300-level foreign language course; C or higher in one 300-level literature course; minimum GPA of 2.75
Corequisite: FLA 449
3 credits

FLA 439: Technology Literacy for Foreign Language Teachers
FLA 439 is designed as a course to improve the technological literacy of all future language teachers. In this course, teacher candidates will explore in a very hands-on, practical and applied manner all of the technologies used by teachers of languages. The class will also discuss how the technologies relate to current language pedagogies, both for individualized and classroom learning, especially as these issues can be discussed in a very applied and pragmatic manner.
Prerequisite: FLA 339
3 credits

FLA 440: Foreign Language Acquisition Research
A study of recent trends in foreign language acquisition research. The focus is on classroom-based research: qualitative and quantitative research methodologies, variables in classroom-based learning research, analysis of research results. Students conduct classroom research studies, present their findings, and address applications of their findings to classroom teachers and learners of foreign languages.
Prerequisites: FLA 339; acceptance into a foreign language secondary teacher preparation program
3 credits

FLA 449: Field Experience, Grades 7-12
Observation, inquiry, and practice in foreign language education at the secondary level including 50 hours of documented visitations and observation at documented sites. Field experience writing logs are the basis for group discussion. Satisfactory/Unsatisfactory grading.

LIN

Linguistics

LIN 101 - F: Human Language

An introduction to the fundamental areas and concepts of modern linguistics. Sounds and their structure, word structure, and sentence structure are discussed. Other topics may include historical linguistics (how languages change over time), dialects, writing systems, language and the brain, and psycholinguistics (especially the question of how children acquire a language).

3 credits

LIN 200 - K: Language in the United States

Survey of the languages and language-related issues in the United States. Topics include Native American languages; immigrant languages; dialectal variations (e.g., Black English); the domains in which these languages were and are used; maintenance and loss of minority languages; language contact and its effects; the use of Spanish; language attitudes and politics including bilingual education; and official language movements. Particular attention is paid to the evolution of American English from colonial times to its present world-wide status; the use and impact of Spanish; language attitudes and politics including bilingual education; and official language movements.

Advisory Prerequisites: Completion of D.E.C. categories I and J

3 credits

LIN 201 - F: Phonetics

Introduction to the sounds used in human language. Topics include articulatory phonetics, phonetic transcription, the sound structure of English, sounds and sound patterns in languages of the world, the acoustic properties of sounds, speech perception, and speech technology. Includes work in the phonetics laboratory on computer analysis of speech.

Prerequisite: C or better in LIN 101

4 credits

LIN 211 - F: Syntax

An introduction to generative grammar: the formal theory of sentence structure.
LIN 250 - K: Languages and Cultures of Asian Americans
Study of language use and cultural accommodation in selected Asian American communities in relation to the changing roles of Asians in U.S. society from the early democracy to the present. Issues include linguistic and cultural diversity of Asia and Asian Americans; comparison of Asian and European immigration patterns; struggle for equality and acceptance; cultural factors in assimilation; patterns of Asian language use and maintenance in various domains; the role of language in ethnic identity; attitudes toward English and bilingualism; bilingualism as a problem and as a resource. This course is offered as both AAS 250 and LIN 250.
Prerequisite: Completion of D.E.C. category A
3 credits

LIN 300: Writing in Linguistics
Majors in linguistics refine their skills in writing for the discipline by critiquing successive revisions of previously written work.
Prerequisites: Major in linguistics; U3 or U4 standing
2 credits

LIN 301: Phonology
An introduction to the sound systems of languages focusing on the mental representation of sound structure: how speakers use knowledge of their language to assign meaning to different combinations of sounds. We will examine data from a number of languages to explore the differences and similarities among the sound patterns of different languages, and will consider the question of whether there are universal preferences for specific types of sounds and sound sequences.
Prerequisite: C or better in LIN 201
4 credits

LIN 320: English Grammar
This course is a systematic survey of English grammar: its major structures, their interaction, and their use. It will also briefly examine some related areas connected to writing like punctuation and spelling.
Prerequisite: C or better in LIN 101
3 credits

LIN 330: Language Acquisition
Introduction to the field of language acquisition. Issues include cognitive processes, role of innate ability and environment, developmental stages, individual variation, universal tendencies, interaction of language and cognition, bilingualism, similarities and differences between first- and second-language acquisition, and language disorders.
Prerequisite: C or better in LIN 201 and LIN 211
3 credits

LIN 340: Historical Linguistics
The application of linguistic theory to the ways in which sound systems, word structure, and sentence structure change. Students learn how linguists establish that certain languages are related, and how they reconstruct prehistoric parent languages.
Prerequisite: C or better in LIN 211 and LIN 301
3 credits

LIN 344: Literacy Development
An introduction to the theories of literacy and their application in education. Students acquire knowledge about the complex nature of academic literacy; how literacy skills can be taught and assessed across all disciplines, and how literacy and language skills develop among diverse learners, including students with special needs and English Language Learners. Attention is given to the integration of technology into the development of literacy skills. Not for major credit.
Prerequisite: Admission to a teacher education program
3 credits

LIN 346 - F: Language and Meaning
An exploration of semantics, the study of linguistic meaning. The course examines fundamental issues including the nature of meaning, its relation to word and sentence form (morphology and syntax), its relation to systems of mental representation (cognition), and the interaction between meaning and use (pragmatics). Recent research into the way that linguistic meaning is acquired and how it is deployed in speech and understanding is discussed.
Prerequisite: C or better in LIN 101
3 credits

LIN 347 - J: Writing Systems of the World
A survey of the major types of writing including (but not limited to) alphabetic, syllabic, and logographic systems; the invention of writing; changes in writing systems over time and the decipherment of ancient writing. Special attention is given to modern English spelling, including both its regular, systematic properties and the historical background of its irregularities.
Prerequisite: C or better in LIN 101
3 credits

LIN 355 - J: Language and Life in a Selected Area of the World
Study of the languages of a selected country or region outside of Europe in relation to its society, culture, history, and politics. Topics include language family, social varieties, status and attitudes, language policies, and cultural patterns reflected in language use. May be repeated as the topic changes.
Advisory Prerequisite: LIN 101
3 credits

LIN 356 - I: Topics in Language and Life in Europe
Focus will be on the language of a particular country or region in Europe and the relationship between language and the society, culture, history, and politics of the country or region. Designed for upper-division students, this course provides an in-depth study of a specific topic relating to Western civilization. Students will be expected to demonstrate knowledge of the development of the distinctive features of the history, institutions, economy, society, and culture of Western civilization, and relate it to that of other regions in the world. May be repeated as the language examined changes.
Prerequisite: One LIN course or satisfaction of Entry Skill 3 foreign language proficiency
3 credits

LIN 370 - J: Intercultural Communication
Through combination of theory and research from discourse linguistics and linguistic anthropology, this course examines (i) how culture shapes ways of speaking; (ii) how language constructs identities, dispositions,
role relations; and (iii) what challenges people from different cultures may face when they communicate with each other. The following analytical perspectives will be presented: speech act theory, ethnography of communication, linguistic politeness, and sequential organization of turn taking. This course is offered as both AAS 370 and LIN 370.

Prerequisite: One previous course in D.E.C. J or one previous course in Linguistics

3 credits

LIN 375: TESOL Pedagogy: Theory and Practice
Introduction to language and literacy instruction, instructional approaches, and assessment models for the teaching of speaking, listening, reading, and writing. Students design standard-based lessons and evaluate resources and technologies.

Prerequisites: Declared major in Linguistics; C or higher in LIN 101, 201, or 211; g.p.a. of 2.75 or higher; for non-native speakers of English, a SPEAK test score of 57 or TOEFL-iBT Speaking Component score of 28
Corequisite: LIN 449

3 credits

LIN 378: Content-Based Language and Literacy Development
Introduction to language and literacy development across disciplines and to assessment, cooperative learning, and reflective practices. Students will develop standard-based interdisciplinary thematic units, integrate technologies, and explore collaborative practices.

Prerequisite: LIN 375 and LIN 449
Corequisite: LIN 450

3 credits

LIN 380: Anatomy and Physiology of Speech and Hearing
A study of the anatomy and physiology of the speech, swallowing, and hearing mechanisms, including the phonatory, articulatory, respiratory, and resonatory subsystems and the neural control.

Prerequisite: LIN 101 and LIN 201

3 credits

LIN 381: Language and Speech Disorders
Overview of developmental and acquired communication disorders across the lifespan, including language delay, developmental apraxia of speech, phonological disorders, stuttering, acquired aphasia, craniofacial anomalies, and voice disorders.

Prerequisite: LIN 101 and LIN 201

3 credits

LIN 382: Audiology
Survey of the field of audiology, including the physics of sound, the physiology of hearing, the nature and causes of hearing impairment.

Prerequisite: LIN 101 and LIN 201

3 credits

LIN 425: Special Topics in Linguistics
Seminars for advanced linguistics students. May be repeated as the topic changes.

Prerequisite: Varies with subject matter

3 credits

LIN 426: Special Topics in Linguistics
Seminars for advanced linguistics students. May be repeated as the topic changes.

Prerequisite: Varies with subject matter

3 credits

LIN 427: Special Topics in Linguistics
Seminars for advanced linguistics students. May be repeated as the topic changes.

Prerequisite: Varies with subject matter

3 credits

LIN 431: The Structure of an Uncommonly Taught Language
An investigation of the phonology and syntax of either a language or a family of languages. May be repeated if a different language is covered.

Prerequisite: C or better in LIN 211 and LIN 301

4 credits

LIN 447: Directed Readings in Linguistics
Qualified juniors and seniors in linguistics are offered an opportunity to do independent work on topics in linguistics under guidance of a faculty member. May be repeated to a limit of six credits.

Prerequisite: Permission of department

1-6 credits

LIN 449: Field Experience, Grades N-12
Observation, inquiry, and practice in language and literacy development across disciplines for learners from linguistically and culturally diverse backgrounds. Students are placed in a variety of educational settings in elementary and secondary schools for 50 hours of fieldwork.

Prerequisites: Declared major in Linguistics; C or higher in LIN 101, 201, or 211; g.p.a. of 2.75 or higher; for non-native speakers of English, a SPEAK test score of 57 or TOEFL-iBT Speaking Component Score of 28
Corequisite: LIN 375

1 credit, S/U grading

Work with a faculty member as an assistant in one of the faculty member's regularly scheduled classes. Students assume greater responsibility in such areas as leading discussions and analyzing results of tests that have already been graded. Students may not serve as teaching assistants in the same course twice. Not for major credit.
Prerequisite: LIN 475; permission of instructor
3 credits, S/U grading

LIN 487: Directed Research in Linguistics
Qualified advanced undergraduates in linguistics may carry out individual research projects under the direct supervision of a faculty member. May be repeated up to a limit of six credits.
Prerequisite: Permission of department
1-6 credits

LIN 488: Internship
Participation in local, state, and national public and private agencies and organizations. May be repeated up to a total of 12 credits. Not for major credit.
Prerequisites: 15 credits in linguistics; permission of department
0-6 credits, S/U grading

LIN 495: Senior Honors Project in Linguistics
First course of a two-semester sequence for linguistics majors who are candidates for the degree with honors. The project involves independent readings or research and the writing of a thesis. Students enrolled in LIN 495 are obliged to complete LIN 496 the next semester. Students receive only one grade upon completion of the sequence. Not for major credit.
Prerequisite: Admission to the Linguistics Honors Program
3 credits

LIN 496: Senior Honors Project in Linguistics
Second course of a two-semester sequence for linguistics majors who are candidates for the degree with honors. The project involves independent readings or research and the writing of a thesis. Students enrolled in LIN 495 are obliged to complete LIN 496 the next semester. Students receive only one grade upon completion of the sequence. Not for major credit.

MAE

Mathematics Teacher Preparation

MAE 301: Foundations of Secondary School Mathematics
A re-examination of elements of school mathematics, including topics in algebra, geometry, and elementary functions. Competence in basic secondary-level ideas and techniques are tested.
Prerequisites: MAT 200 and 211; admission to mathematics or applied mathematics secondary teacher preparation program
Corequisite: MAE 311
3 credits

MAE 302: Methods and Materials for Teaching Secondary School Mathematics
The goals of mathematics education, learning theories, mathematics curricula, lesson planning, evaluation and teaching strategies. Lesson plans are drawn up and presented to the group.
Prerequisites: MAE 301 and C or higher in MAE 311
Pre- or Corequisite: MAE 312
3 credits

MAE 311: Introduction to Methods of Teaching Secondary School Mathematics
Aspects of teaching mathematics on the secondary school level, including lesson designs based on the NCTM standards, cooperative learning, and technology in mathematics education. Students observe classes in middle school and high school settings.
Prerequisites: MAT 211; admission to mathematics or applied mathematics secondary teacher preparation program; department consent
Corequisite: MAE 301
3 credits

MAE 312: Micro-Teaching
Twice-weekly supervised classroom experience, tutoring, or working with small groups of students as a teacher's aide.
Prerequisite: C or higher in MAE 311
Pre- or Corequisite: MAE 302
2 credits

MAE 330: Technology in Mathematics Education
Introduces students in the secondary mathematics teacher preparation program to techniques and requirements for effective use of technology in the mathematics classroom. Emphasis on projects. Use of graphing calculators and computer software such as Geometer's Sketchpad.
Prerequisites: MAE 301 and 311
3 credits

MAE 412: Issues in Teaching and Learning in Collegiate Mathematics
Investigation of the issues involved in the teaching and learning of introductory collegiate mathematics. A supervised teaching internship of undergraduate mathematics accompanies this seminar.
Prerequisite: MAE 302
4 credits

MAE 447: Directed Readings in Mathematics Education
Tutorial studies in recent advances in mathematics education.
Pre- or Corequisite: MAE 312
1 credit

MAE 451: Supervised Teaching - Middle School Level Grades 7-9
Intensive supervised teaching in secondary schools. Students work in the school under the supervision of an experienced teacher.
Prerequisites: MAE 312; MAT 312, 319 and 360; AMS 310; permission of director of mathematics teacher education program

Corequisites: MAE 452 and 454  
6 credits, S/U grading

MAE 452: Supervised Teaching - High School Grades 10-12  
Intensive supervised teaching in secondary schools. Students work in the school under the supervision of an experienced teacher.  
Prerequisites: MAE 312; MAT 312, 319 and 360; AMS 310; permission of director of mathematics teacher education program  
Corequisites: MAE 451 and 454  
6 credits, S/U grading

MAE 454: Student Teaching Seminar  
Weekly discussions of teaching techniques and experiences, learning theory, curriculum content, and classroom problems.  
Corequisites: MAE 451 and 452  
3 credits

PSY 103 - F: Introduction to Psychology  
An introduction to research and theory in psychology in such areas as learning, perception, cognition, biopsychology, development, personality, and abnormal and social psychology. As part of the course, students must participate in experiments and/or a library research project.  
3 credits

PSY 201 - C: Statistical Methods in Psychology  
The use and interpretation of elementary statistical techniques in research, emphasizing descriptive statistics, correlational analysis, and inferential statistics, including chi-square, t-tests, and an introduction to the Analysis of Variance. May not be taken for credit after AMS 102, ECO 320, POL 201, or SOC 202. This course has been designated as a High Demand/Controlled Access (HD/CA) course. Students registering for HD/CA courses for the first time will have priority to do so.  
Prerequisites: PSY 103; satisfaction of entry skill in mathematics requirement  
3 credits

PSY 220 - F: Survey in Developmental Psychology  
A study of the growth processes from fetal development to late childhood. Perceptual and learning characteristics are explained as they relate to increases in cognitive and social competence in the total community. Biological factors are examined as they relate to inheritance of behavior patterns.  
Prerequisite: PSY 103  
3 credits

PSY 230 - F: Survey in Abnormal and Clinical Psychology  
Examines the description, etiology, course, and treatment of psychological disorders. Current theory and research are emphasized.  
Prerequisite: PSY 103  
3 credits

PSY 240 - F: Survey in Social Psychology  
A presentation of various topics in social psychology including interpersonal processes, obedience to authority, social perception, attitude change, attraction and liking, and aggression and violence, especially as applied to national and international issues.  
Prerequisite: PSY 103  
3 credits

PSY 260 - F: Survey in Cognition and Perception  
A survey of theoretical and empirical work on human cognition and perception including pattern recognition, memory, attention, language comprehension, decision making, and problem solving.  
Prerequisite: PSY 103  
3 credits

PSY 273: Supervised Research in Psychology  
Initial training and participation in techniques or duties related to a specific laboratory or field research experience under the direct supervision of a faculty member or advanced graduate student in the Department of Psychology. Students may take two sections in a single semester, but no more than three credits may be applied to a section. May not be taken for more than six credits per faculty advisor during the student's career.  
Prerequisite: Permission of instructor  
0-6 credits, S/U grading

PSY 283: Applications and Community Service  
Designed to provide opportunities for students to study and apply psychological principles outside the classroom (e.g., in settings such as hospitals and schools). Specific programs vary from semester to semester. General information is available in the Psychology Undergraduate Office. May be repeated up to a limit of six credits.  
Prerequisite: Permission of instructor  
1-3 credits, S/U grading

PSY 285: Practicum in Infant/Toddler or Preschool Development and Education  
Students work nine hours a week in a full-day child care center on campus with infants/toddlers or preschool-aged children (Section numbers 1 and 2 denote assignment to infants/toddlers; Section numbers 3 and 4 are the practicum with preschool-aged children). Students gain practical experience in infancy or preschool development and education through guiding, teaching, preparing age-appropriate materials, and observing. Students maintain daily journals; they also plan, develop, and implement appropriate educational activities that provide some of the basis for discussion and evaluation in the corequisite seminar. PSY 385. This course requires students to use knowledge gained in PSY 385 in a closely supervised situation. Can be repeated once by enrolling in a section that focuses on a different age group.  
Prerequisite: CFS 210 or CFS 322 or PSY 220 or PSY 325 or PSY 326; permission of instructor  
Corequisite: PSY 385  
3 credits, S/U grading

PSY 301: Advanced Statistics  
Survey of probability and sampling theory, descriptive and inferential statistics, and introduction to experimental design.  
Advisory Prerequisite: PSY 310  
3 credits

PSY 310 - F: Research and Writing in Psychology  
An introduction to and critical analysis of the methodology of psychological research. In addition to attending lectures taught by faculty, students work closely with a graduate instructor and peers in small breakout sections to prepare a research proposal. Not for credit in addition to the discontinued PSY 300. This course has been designated as a High Demand/Controlled Access (HD/CA) course. Students registering for HD/CA courses for the first time will have priority to do so.  
Prerequisites: PSY 103; PSY 201 or any other course satisfying the department's statistics requirement

4 credits

**PSY 325: Children’s Cognitive Development**
A survey of the basic principles of cognition from experimental research with children. Topics include perceptual development, language development, memory development, conceptual development, and the development of academic skills.

**Prerequisites:** PSY 220
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 326: Children’s Social and Emotional Development**
Current theories, models, research methods, and findings in the study of children’s socioemotional development. The course emphasizes the interaction of the individual with his or her social environment in developmental processes and outcomes. Eras covered include infancy, toddler/preschool, mid-late childhood, and adolescence.

**Prerequisites:** PSY 220
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 327: Human Growth and Development in the Educational Context**
The biological and psychological development of childhood and adolescence that affects teaching and curriculum development for diverse learners. Additional topics include childhood and adolescent psychiatric disorders, special education programs, drug and alcohol use and abuse, and societal issues. Formerly SSE 327 and SSI 327. Not for credit in addition to SSE 327 or SSI 327.

**Prerequisites:** U3 or U4 standing; admission to a teacher education program, or admission in the Psychology major
3 credits

**PSY 329: Special Topics in Developmental Psychology**
May be repeated as the topic changes.

**Prerequisites:** PSY 220
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 333: Mood Disorders**
The mood disorders include bipolar (manic-depressive) and depressive disorders. They are among the most common psychological disorders, and are a tremendous personal, social, and economic burden. This course will provide an introduction to current theory and research on the mood disorders, including their classification, epidemiology, course, etiology, pathogenesis, and treatment. Not for credit in addition to PSY 339 with topic of "Mood Disorders."

**Prerequisite:** PSY 230
3 credits

**PSY 334 - F: Autism and Intellectual Disability**
Study of concepts, procedures, and research related to autism, mental retardation, and other developmental disabilities from a psychological and educational perspective. Topics to be dealt with include: assessment, family roles, development of communication, social development, cognitive development, sensory and motor development, adaptive behaviors, problem behaviors, instructional strategies, comprehensive programs, public policy legal issues, personnel preparation, methodological and research issues, and future directions for disability research and practice.

**Prerequisite:** PSY 230
**Advisory Prerequisite:** PSY 220
3 credits

**PSY 335: Clinical Behavior Modification**
The application of behavioral and cognitive sciences to the assessment and treatment of clinical problems. The aims of the course are to familiarize the student with the theoretical and empirical foundations of clinical behavior modification, provide examples of applications to a variety of different clinical problems, and discuss the results of outcome studies. While specific treatment methods are described and issues related to clinical application are discussed, no actual clinical training or practicum is provided in this course.

**Prerequisite:** PSY 230
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 337: Applied Behavior Analysis/ Positive Behavior Support**
Exploration of concepts, procedures, and research related to applied behavior analysis/positive behavior support, an approach that involves the application of principles derived from behavioral, community, and ecological psychology to problems of social significance in the fields of clinical psychology, education, family life, and health. There is a focus on issues of assessment, intervention, and outcomes related to problem behavior, school performance, home-based support, community integration, and improving quality of life through systems change. Not for credit in addition to PSY 339 when the topic is Applied Behavior Analysis/Positive Behavior Support.

**Prerequisite:** PSY 103
3 credits

**PSY 338: Behavior Deviation in Children**
Development and modification of behavioral deviations in children; application of principles derived from experimental analysis of behavior to problems of children.

**Prerequisites:** PSY 220
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 339: Special Topics in Clinical Psychology**
May be repeated as the topic changes.

**Prerequisite:** PSY 230
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 341: Psychology of Prejudice**
An overview of theoretical perspectives, research methods, empirical findings, and practical applications of psychological research on prejudice. Topics include the development of prejudice among children; the role of cognitive, social, personality, and motivational factors in maintaining prejudice and stigma; the psychological consequences of prejudice and stigma; and strategies for reducing prejudice, stigma, and intergroup conflict.

**Prerequisite:** PSY 240
**Advisory Prerequisite:** PSY 310
3 credits

**PSY 344: Development and Aging in Adulthood**
Adult development, aging and death will be examined in the context of family relationships, friendship patterns, intergenerational ties, and cultural themes. Cognitive process, personality, and coping strategies will be integrated into a discussion of biological aging and health maintenance in order to understand the range of individual, ethnic and socioeconomic differences that influence personal choices and challenges in identity formation, work, leisure and retirement. This course is offered as both CFS 344 and PSY 344.

**Prerequisite:** U3 standing; CFS 210 or PSY 220
3 credits

**PSY 345: Theories of Personality**
The study of the ways in which people differ. Examines traditional and current thinking and research about the nature and causes of the
individual patterns of behavior, emotion, and thinking that we call personality.
Prerequisite: PSY 240
Advisory Prerequisite: PSY 310
3 credits

PSY 346: Health Psychology
The role of psychological factors in the maintenance of good health or in coping with illness. Topics include the modification of specific health behavior, such as alcoholism, obesity, lack of exercise, and smoking; the relationship of stress and illness; and coping with terminal illnesses.
Prerequisite: PSY 240
Advisory Prerequisite: PSY 310
3 credits

PSY 347 - F: Psychology of Women
The psychological impact of important physiological and sociological events and epochs in the lives of women; menstruation, female sexuality, marriage, childbirth, and menopause; women and mental health, mental illness and psychotherapy; the role of women in the field of psychology. This course is offered as both PSY 347 and WST 377.
Prerequisite: WST major or minor; or one of the following: WST 102, WST 103, PSY 103, WST/SOC 247
3 credits

PSY 348: Special Topics in Social Psychology
May be repeated as the topic changes.
3 credits

PSY 349: Special Topics in Social Psychology
May be repeated as the topic changes.
Advisory Prerequisite: PSY 310
3 credits

PSY 355: Human Brain Function
The functional organization of the human brain, including dysfunctions resulting from various types of brain pathology. Neuroanatomical, neuropsychological, neurophysiological, and experimental psychological approaches are described.
Prerequisite: PSY 250
3 credits

PSY 356: Physiological Psychology
An advanced survey of the neurobiological bases of complex behavior. A review of basic neurophysiology, neuroanatomy, and neurochemistry is followed by considerations of the circuity and neural processing supporting perception, motion, emotion, sleep, attention, learning, language, and higher cognitive mechanisms.
Prerequisite: PSY 250 or BIO 202 or BIO 203
3 credits

PSY 357: Animal Learning
Principles of adaptation and behavioral change with emphasis on techniques of reward and punishment and of stimulus control.
Advisory Prerequisite: PSY 310
3 credits

PSY 358: Special Topics in Biopsychology
May be repeated as the topic changes.
3 credits

PSY 359: Special Topics in Biopsychology
May be repeated as the topic changes.
Prerequisite: PSY 250
Advisory Prerequisite: PSY 310
3 credits

PSY 364: Judgment and Decision Making
An exploration of the psychological factors that influence judgment and decision making. Topics include how judgments and decisions ought to be made (e.g., rational decision making), systematic flaws in people's actual performance, and the neural systems that underlie decisions.
Prerequisite: PSY 260
Advisory Prerequisite: PSY 310
3 credits

PSY 365: The Psychology of Language
Examination of language acquisition and a consideration of its implication for cognitive psychology.
Prerequisite: PSY 260
Advisory Prerequisite: PSY 310
3 credits

PSY 366: Human Problem Solving
An exploration of human problem solving and critical thinking. Topics include memory strategies, the role of language in thinking, inductive and deductive reasoning, creativity, and the development of problem solving skills.
Prerequisite: PSY 260
Advisory Prerequisite: PSY 310
3 credits

PSY 367: Memory
A review of classic and current theories of memory and empirical research on memory in memory-intact and memory-impaired populations.
Prerequisite: PSY 260
Advisory Prerequisite: PSY 310
3 credits

PSY 368: Sensation and Perception
An examination of both the basic mechanisms and the organizational processes of visual and auditory perception. Topics include the perception of color, depth, movement, pitch, loudness, speech, and music.
Prerequisite: PSY 260
Advisory Prerequisite: PSY 310
3 credits

PSY 369: Special Topics in Cognition and Perception
May be repeated as the topic changes.
Prerequisite: PSY 260
Advisory Prerequisite: PSY 310
3 credits

PSY 375: History and Systems of Psychology
History of psychology presented either as a development and testing of theories that emerge from a long philosophical tradition, or as a set of practices that serve particular social functions and respond to pressures from the socioeconomic context.
Prerequisites: Nine credits of psychology
3 credits

PSY 380: Research Lab: Human Cognition
Techniques and experimental methods to conduct research in cognition on a selection of topics such as perception and sensation, language, attention, or memory. Hands-on learning of research and reporting of research.
Prerequisites: PSY 310; permission of instructor
4 credits

PSY 382: Research Lab: Social Psychology
Techniques and experimental problems in social psychology, including natural observation, surveys, and experimental design. Three hours of lecture and two hours of field or laboratory research per week.
Prerequisites: PSY 240 and 310
4 credits

PSY 383: Behavioral Ecology Laboratory
This course is an introduction to and critical analysis of theory and research on animal
behavior in natural and naturalistic settings. A field research study is major component of this course. This course is also only open to B.S. majors in Psychology and enrollment is limited.

Prerequisites: PSY 103 or 104; PSY 201 or AMS 102; PSY 310
4 credits

PSY 384: Research Lab: Human Factors
Current theories and empirical methods in the psychology of human-computer interaction. Students practice techniques in the research, design, and evaluation of human-computer interfaces.
Prerequisites: PSY 260 and 310; permission of department
4 credits

PSY 385 - F: Seminar in Infant/Toddler or Preschool Development and Education
Seminar in development and education of infants/toddlers or preschool-aged children (Section numbers 1 and 2 are seminar on infants/toddlers; Section numbers 3 and 4 are seminar on preschool-aged children). Sections devoted to infants/toddlers focus on learning and living environments that foster emergent communication and language skills and promote social, cognitive, physical, and emotional development. Sections devoted to preschool-aged children focus on emergent literacy, science and math discovery, and multi-sensory experiences that enhance motor development and exploration of the arts. Strategies for problem solving and promotion of positive social interaction and emotional development, including active listening, limit-setting, conflict negotiation, and child initiated approaches are examined from a multicultural perspective. Students design age-appropriate curricula and implement them under instructor supervision within the co-requisite practicum, PSY 285. Can be repeated once by enrolling in a section that focuses on a different age group. Can be used once toward Psychology Department elective requirements.
Prerequisite: CFS 210 or CFS 322 or PSY 220 or PSY 325 or PSY 326; permission of instructor
Corequisite: PSY 285
3 credits

PSY 399: Junior Honors Seminar
First course of a three-semester research seminar on research in psychology. Topics investigated by faculty are reviewed. The class focuses on particular theories, methods, and results that illustrate the research process within the department. Students are expected to present oral and written proposals for their senior year research project.
Prerequisites: PSY 310; admission to psychology honors program
1 credit

PSY 447: Readings in Psychology
Directed readings under the guidance of a faculty member. May be repeated once.
Advisory Prerequisite: PSY 310
1-6 credits

PSY 475: Undergraduate Teaching Practicum I
Work with a faculty member as an assistant in one of the faculty member's regularly scheduled classes. The student is required to attend all the classes, do all the regularly assigned work, and meet with the faculty member at regularly assigned times to discuss the intellectual and pedagogical matters relating to the course.
Prerequisites: PSY 310; U4 standing in psychology major; permission of instructor and department
3 credits, S/U grading

PSY 476: Undergraduate Teaching Practicum II
Work with a faculty member as an assistant in one of the faculty member's regularly scheduled classes. Students assume greater responsibility in such areas as leading discussions and analyzing results of tests that have already been graded. Students may not serve as teaching assistants in the same course twice.
Prerequisites: PSY 475; permission of instructor and department
3 credits, S/U grading

PSY 487: Independent Research in Psychology
Upper-division students interested in carrying out independent research projects under the auspices of a faculty member in the Department of Psychology may do so in this course. The student must propose and carry out the research project and must analyze and write up the results in a form acceptable to the sponsor. Written agreement by the faculty sponsor to undertake this responsibility and an outline of the project goals are filed with the Undergraduate Psychology Office. These become part of the student's departmental file. May be repeated up to a limit of 12 credits.
Prerequisites: U3 or U4 standing; PSY 310; permission of department
0-6 credits

PSY 488: Internship
Participation in public and private agencies and organizations. Students are required to submit written progress reports and a final written report on their experience to the faculty sponsor and department. May be repeated up to a limit of 12 credits.
Prerequisites: 12 credits in psychology including PSY 310; permission of the supervising faculty member and undergraduate director
0-6 credits, S/U grading

PSY 491: Advanced Seminar in Psychology
Special seminars covering current research theory. Topics are announced prior to the beginning of each semester. May be repeated up to a limit of 18 credits. Students may take two sections in a single semester. May not be taken for more than six credits per faculty member during the student's career.
Prerequisites: PSY 310; permission of instructor
1-3 credits

PSY 492: Advanced Seminar in Psychology
Special seminars covering current research theory. Topics are announced prior to the beginning of each semester. May be repeated up to a limit of 18 credits. Students may take two sections in a single semester. May not be taken for more than six credits per faculty member during the student's career.
Prerequisites: PSY 310; permission of instructor
1-3 credits

PSY 495: Senior Honors Seminar
Second course of a three-semester research seminar with continuing discussions of methods and theories relevant to honors research projects. Students are expected to design and execute a research project and submit a thesis under the supervision of appropriate faculty sponsorship. Students enrolled in PSY 495 are obliged to complete PSY 496. Students receive only one grade upon completion of the sequence.
Prerequisite: PSY 399; permission of department
Corequisite: PSY 487
1 credit

PSY 496: Senior Honors Seminar
Third course of a three-semester research seminar with continuing discussions of methods and theories relevant to honors research projects. Students are expected
to design and execute a research project and submit a thesis under the supervision of appropriate faculty sponsorship. Students enrolled in PSY 495 are obliged to complete PSY 496. Students receive only one grade upon completion of the sequence.

Prerequisite: PSY 495; permission of department
Corequisite: PSY 487
1 credit

SCI

Science Teacher Preparation

SCI 410: Pedagogy and Methods for Science Education I

Fundamental science teaching strategies, theories, and practices are introduced to students. Implementation of the New York State Math, Science, and Technology Standards and core science curricula is emphasized, in addition to the importance of inquiry-based learning, laboratory activities, and laboratory safety. Students plan lessons and make several presentations. Students complete an action research project based on field observations made in conjunction with SCI 449.

Prerequisites: Acceptance to a Science Teacher Preparation program; minimum g.p.a. of 2.75
Corequisite: SCI 449 Note: you must register for the same sections of SCI 410 and 449
3 credits

SCI 420: Pedagogy and Methods for Science Education II

Builds on the practical application of science pedagogy introduced in SCI 410. Advanced science teaching strategies are presented. Emphasis is placed on the integration of theory and practice, extension of scientific inquiry for diverse learners and assessment of student progress. Essential themes and critical issues in the science disciplines are explored in the context of teaching in secondary schools. Experiences in SCI 450 are incorporated into SCI 420. Note: you must register for the same sections of SCI 420 and 450.

Prerequisites: C or higher in SCI 410; minimum g.p.a. of 2.75
Corequisite: SCI 450
3 credits

SCI 447: Directed Readings in Science Education

Advanced study in science education under the supervision of a science education faculty member.

Prerequisite: Permission of the science education program
1-6 credits

SCI 449: Field Experience, Grades 7-12

Students visit science classes in secondary schools and participate in selected school-based outreach programs for a total of 50 hours during the semester. The observations made during these visits serve as the basis for the action research project that is completed in SCI 410, as well as for discussions that occur in class. Due to public school schedules, the majority of these experiences occur during morning hours.

Prerequisites: Acceptance to a Science Teacher Preparation program; minimum g.p.a. of 2.75
Corequisite: SCI 410 Note: you must register for the same sections of SCI 410 and 449
1 credit, S/U grading

SCI 450: Field Experience, Grades 7-12

Students visit science classes in secondary schools and participate in selected school-based outreach programs for a total of 50 hours during the semester. The observations made during these visits serve as the basis for discussions that occur in class and for the research component of SCI 420. Due to public school schedules, the majority of these experiences occur during morning hours. Note: you must register for the same sections of SCI 420 and 450.

Prerequisites: C or higher in SCI 410; minimum g.p.a. of 2.75
Corequisite: SCI 420
1 credit, S/U grading

SCI 451: Supervised Teaching-Science: Middle Level Grades 7-9

Prospective science teachers participate in full-time supervised student teaching in partnership schools, grades 7-9. Frequent consultation with the University supervisor helps the student interpret and evaluate the teaching experience. Applications must be filed in the semester preceding student teaching.

Prerequisites: C or higher in SCI 420; PSY 327; SSE 350; 2.75 cum GPA; completion of all graduation requirements; Dept permission. Corequisites: SCI 452 and 454; Note: students must register for equivalent sections of SCI 451, 452, 454
6 credits, S/U grading

SCI 452: Supervised Teaching-Science: High School Grades 10-12

Prospective science teachers participate in full-time supervised student teaching in partnership schools, grades 10-12. Frequent consultation with the University supervisor helps the student interpret and evaluate the teaching experience. Applications must be filed in the semester preceding student teaching.

Prerequisites: C or higher in SCI 420; SSE 350, PSY 327, and LIN 344; 2.75 cum GPA; completion of all grad reqs; Permission of dept Corequisites: SCI 451 and 454; Note: students must register for equivalent sections of SCI 451, 452, 454
6 credits, S/U grading

SCI 454: Science Student Teaching Seminar

Includes discussions of teaching techniques that are critical to success as a science teacher, such as classroom management and effective questioning techniques. Analysis of actual problems and issues encountered by the student in his or her student teaching experience are part of each seminar session.

Prerequisites: C or higher in SCI 420; SSE 350, PSY 327, and LIN 344; 2.75 cum GPA; completion/grad reqs; successful compl/LAST Exam; Dept perm. Corequisites: SCI 451 and 452; Note: students must register/equiv sections of SCI 451, 452, 454
3 credits

SCI 487: Applied Research

Repeatable to a maximum of 6 credits.
Prerequisite: Permission of science education program
0-3 credits

SSE

Social Studies Education

SSE 100 - F: Economics for Social Studies Teachers

An introduction to the principles of micro- and macroeconomics for students planning to become social studies teachers. The course will focus on economic concepts and reasoning with the goal of teaching prospective teachers how to apply these ideas to important public policy issues. Not for economics major credit. Formerly ECO 100. Not for credit in addition to ECO 100.
Prerequisite: Admission to the teacher preparation program in social studies
3 credits

SSE 350: Foundations of Education

An interdisciplinary study of the foundations of education focusing on the findings of the social and behavioral sciences as related to education and teaching. The course is designed...
to meet the needs of students enrolled in the secondary teacher preparation programs.  
Prerequisite: Junior or Senior Standing  
3 credits

SSE 397: Teaching Social Studies  
Social studies as taught in the secondary schools: the nature of the social studies, curricula models, scope and sequence of topics offered, new programs of social studies instruction, etc. Designed for prospective teachers of social studies in secondary schools.  
Prerequisites: Admission to a Social Studies Teacher Preparation program;  
Corequisite: SSE 449 (formerly SSI 449)  
3 credits

SSE 398: Social Studies Teaching Strategies  
An examination of the instructional methods and materials for teaching social studies at the secondary school level. Designed for prospective teachers of social studies in secondary schools.  
Prerequisite: Admission into a Social Studies Teacher Preparation program; C or higher in SSE 397 (formerly SSI 397)  
Corequisite: SSE 450 (formerly SSI 450)  
3 credits

SSE 447: Directed Readings in Social Studies Education  
Individually supervised reading in selected topics of the social sciences. May be repeated, but total credit may not exceed more than six credits.  
Prerequisite: Permission of instructor  
1-3 credits

SSE 449: Field Experience, Grades 7-12
