School of Nursing

Nurses synthesize knowledge from a variety of fields of study as they are prepared to assist people in the performance of activities that contribute to health, its recovery, or to the alleviation of distress or discomfort in preparing people for a peaceful death.

The goals of the program in nursing at Stony Brook University are to:

• Educate a diverse population of men and women for professional generalist nursing practice in a variety of health care settings.

• Contribute to the scholarly development of the profession by testing and evaluating theoretical formulations, applications of knowledge, and innovative practices.

• Provide an educational foundation for advanced and specialized study in a field of nursing.

• Prepare for improvement of health care at the local, state, and national levels through individual, collaborative, and interdisciplinary efforts.

The curriculum of the School of Nursing emphasizes using the nursing process to provide health promotion, maintenance, and restoration among diverse populations of patients; using theory to conceptualize health responses to those populations; applying research finds to improve nursing practice; applying principles of leadership and management in nursing and health care delivery; and practicing interdisciplinary collaboration to improve health care and health outcomes through advocacy, activism, and courage.

Admission to the Basic Baccalaureate and Registered Nurse Baccalaureate Programs leading to a B.S. with a major in nursing follows two or three years of study in the arts and sciences during which a student must earn a minimum of 57 credits and a minimum g.p.a. of 2.50*. Upon admission, the Nursing major also requires certification in basic life support for health care providers. Undergraduate students interested in nursing are invited to participate in monthly information sessions offered by the Office of Student Affairs and the Pre-Nursing Society through which they can obtain information provided by current School of Nursing students and staff regarding the nursing profession and available nursing programs. West Campus students are strongly encouraged to identify themselves as potential Nursing majors by officially declaring an area of interest in Nursing (GNS).

*Effective 2013, the GPA requirement for the Two Year Basic Baccalaureate Program will be 2.80

Required Courses for Application to the School of Nursing Two Year Basic Baccalaureate and Registered Nurse Baccalaureate Programs (only grades of C or better are acceptable):

• English Composition 3 credits
• Introduction to Sociology 3 credits
• Introduction to Psychology 3 credits
• Developmental Psychology 3 credits
• Microbiology 3-4 credits
• Anatomy and Physiology 6-8 credits
• Chemistry I 3-4 credits
• Additional Science 3-4 credits (e.g. Chemistry II, Biology, Physics)
• Group Process/Group Dynamics/Social Psych. 2-3 credits
• Statistics 3 credits
• Arts and Humanities 9 credits*
• Electives 16 credits (Must be non-nursing courses)

*Effective for admission in 2013, three courses out of the following six must be completed (9 credits):
• Second semester of introductory foreign language 3 credits
• American History 3 credits
• Other World Civilizations 3 credits
• Humanities 3 credits
• The Arts 3 credits
• Western Civilization 3 credits

Required Courses for Application to the School of Nursing 12 Month Accelerated Bachelor of Science Program (only grades of C or better are acceptable):
• Microbiology 3-4 credits
• Anatomy and Physiology 6-8 credits
• Chemistry I 3-4 credits
• Additional Science 3-4 credits (e.g. Chemistry II, Biology, Physics)
• Developmental Psychology 3 credits*
• Statistics

*Effective 2013

The Registered Nurse Baccalaureate to Masters Program
The Registered Nurse Baccalaureate to Masters Program is designed for students with either an associate degree or diploma in nursing. The curriculum is concentrated in the upper division and leads to a Bachelor of Science degree with a major in nursing. Upon meeting progression criteria, students will continue to the Master of Science program in their designated specialty.

Applicants to the Registered Nurse Baccalaureate to Masters Program are required to meet the following admission criteria: 57 college credits (see the required courses listed below), with a minimum grade of C or better. A minimum cumulative GPA of 3.0 and one to two years of relevant clinical experience (depending on specialty) are also required.

Required Courses:
• English Composition 3 credits
• Introduction to Sociology 3 credits
• Introduction to Psychology 3 credits
• Lifespan or Developmental Psychology 3 credits
• Group Theory/Social Psychology 2-3 credits
• Microbiology 3-4 credits
• Anatomy (Anatomy & Physiology I) 3-4 credits
• Physiology (Anatomy & Physiology II) 3-4 credits
• Chemistry I 3-4 credits
• Additional Science (Biology, Physics, etc.) 3-4 credits
• Statistics 3 credits
• Arts and Humanities* 9 credits
• Electives 16 credits

*Effective for admission in 2013, three courses out of the following six must be completed (9 credits):
• Second semester of introductory foreign language 3 credits
• American History 3 credits
• Other World Civilizations 3 credits
• Humanities 3 credits
• The Arts 3 credits
• Western Civilization 3 credits

*Students who place into WRT 101 should enroll in WRT 101 in the fall of year one; enroll in WRT 102 in the fall of year two (for a total of 16 credits).

**Math and chemistry courses for year one will depend on math placement exam score.

***Students should select one of the following options: one each D.E.C. B, D, and G; one D.E.C. B and two D.E.C. G; one D.E.C. D and two D.E.C. G. The School of Nursing will not accept skills or techniques classes (D.E.C. D) for our Arts and Humanities requirements.
Nursing

HNI 290: Introduction to Nursing
Introduces nursing to those planning a career in nursing, but are not yet enrolled in the School of Nursing.

2 credits
