Minors or other majors of particular interest to students majoring in Business Management: Applied Mathematics and Statistics (AMS), Computer Science (CSE), Economics (ECO), Information Systems (ISE), Political Science (POL), Psychology (PSY), Technological Systems Management (TSM)

Business Management (BUS)

The College of Business offers undergraduate students a major and a minor in Business Management.

The major program offers students a solid foundation of essential business concepts and applications. In addition to courses in statistics, decision sciences, and general management, students study the fundamentals of seven business functions: accounting, entrepreneurship, finance, international business, marketing, management and operations, and sustainable business. Majors have an opportunity to concentrate in one of these seven business functions. The knowledge gained in the specialization assists students in finding employment in that area of a business.

Requirements for the Major and Minor in Business Management (BUS)

Acceptance to the Major in Business Management

Qualified freshman and transfer students who have indicated their interest in the major on their applications are accepted directly into the major upon admission into the University. Students who did not apply for the major and those who were not accepted into the major when they entered the University may apply to the major provided that their cumulative grade point average (including, for transfer students, college coursework complete at other institutions) is 3.0 or higher. Applications must be submitted to the College of Business Office of Student Services in accordance with the Registrar’s deadlines for processing major/minor declaration forms. Application forms are available on the College of Business website.

Requirements for the Major

The major in Business Management leads to the Bachelor of Science degree. Completion of the major requires 49 credits.

Transfer Credit Policy for students in the Business Major

Students may apply a maximum of 21 transfer credits toward the Business Major. Of the total 21 credits, only 6 credits may used to fulfill an area of specialization.

D. Upper-Division Writing Requirement

BUS 301 contains the necessary writing components which satisfy the Upper Division Writing Requirement for the business major, and also satisfies the Stony Brook Curriculum learning objective WRTD.

Grading

All courses taken to satisfy the business management major requirements must be taken for a letter grade. All students accepted to the business management major in the fall 2005 semester and subsequent must complete all BUS courses, ECO 108, and MAT 122 with a grade of C or higher in order to satisfy the requirements for the major. Students accepted to the business management major prior to fall 2005 must complete the following courses with a grade of C or higher in order to satisfy the requirements for the major: BUS 110, BUS 210, BUS 220 (formerly BUS 249), BUS 340, BUS 346, BUS 347, BUS 348, BUS 440, and BUS 441; AMS 102, ECO 108, MAT 122 or MAT 123, PSY 103 or SOC 105.

Business Research Program

The Business Research Program (BCP) is for high achieving business majors who have an interest in conducting original research on a business topic. Conducting research is helpful for those considering a career in business research and who want to make novel theoretical and applied contributions to the area of business at a graduate (MBA) or doctoral level.

Academic research in business can take many forms. For example, some academic research in business stems from a review of the literature that results in a need to address open critical questions, followed by the statement of hypotheses, collection of data (field or lab data in a controlled study) to test the hypotheses, and conclusions that build or extend the theory. Other research in business may involve the development of new methods or the modification of existing methods to solve important business problems, or perhaps the application of existing methods to novel applications in business. Still other research may rely on analyses from several existing sources, such as financial and accounting databases.
Students who engage in research and write a thesis will graduate with honors, will attend the university honors baccalaureate, and will be designated as such graduation and on their diplomas.

Students in the BRP program work with a PhD faculty member. The business faculty member will serve as an advisor to assist with research design and implementation that is showcased at the Undergraduate Research & Creative Activities (URECA) Campus wide poster symposium.

Eligible Students:

This program requires an overall GPA of 3.3 or higher and students must have successfully completed BUS 115 Introduction to Business and WRT 102 Intermediate Writing Workshop (each with a grade of B or higher). To graduate with honors, students must complete requirements of the BRP program and have a cumulative GPA of 3.3 or better. Students’ progress and performance will be monitored throughout the program. Students who perform poorly (below a cumulative 3.3 GPA) in their academic studies will be counseled and warned that they are in jeopardy of being dropped from the program. Following at least one warning, such students will not be permitted to continue in the program. Students entering as a Business major, either as an existing Stony Brook student or transfer student, will be evaluated under the same criteria for curriculum and admittance to the program.

Required Courses (each 3 credits):

- BUS 380
- BUS 495
- BUS 496

Acceptance: Students must be recommended by a faculty member.

Business Leaders Program

This program is for high achieving business majors who aspire to be entrepreneurs or top executives in established organizations in business, government, or nonprofit sectors.

The students in the BLP program will receive a College of Business Leaders award (certificate) at the College of Business graduation ceremony. Students in the BLP program partner with a corporate sponsor to design an experiential program for their senior year that promotes the synergies of what they learn in the classroom with the notion of applying these lessons in the context of the corporation with whom they are working. This capstone requires a well thought out project/plan with a reflection piece that is shared with the employer and the COB. Another option allows for students to complete a business plan working with a faculty member on an innovation or social entrepreneurship project. Creating a project that entails leadership on the Stony Brook University Campus requires the use of planning, organizing and orchestrating an idea from conception to a measurable end result. Therefore, this capstone will require a written implementation of a proposal incorporating research, analysis and an implementation plan.

Students in the program will be mentored by the director of the BLP program who will track their progress and arrange for group activities, including guest speakers, visits to organizations, and social action initiatives that represent leadership development opportunities.

Eligible Students:

This program requires an overall GPA of 3.3 or higher and students must have successfully completed BUS 115 Introduction to Business and WRT 102 Intermediate Writing Workshop (each with a grade of B or higher). Students entering as a business major, either as an existing Stony Brook student or transfer student, will be evaluated under the same criteria for curriculum and admittance to the program.

Required Courses (each 3 credits):

- BUS 495
- BUS 496

Acceptance

Applicants must complete the BLP application which includes a 500-750 word essay. The deadline is March 15, however applications will be reviewed on a rolling basis, so you are encouraged to apply at any time prior to March 15.

Requirements for the Minor

The Business Management minor is intended for students pursuing other majors who seek a foundation in business studies. The minor complements their chosen major by introducing them to principles and techniques used in business and management. Students may apply to the BUS minor any time during their academic career provided that their cumulative grade point average is a 3.0 or higher. Applications must be submitted to the College of Business Office of Student Services in accordance with the Registrar’s deadlines for processing major/minor declaration forms. Application forms are available on the College of Business website.

The minor can be completed with 21 to 22 credits, assuming the appropriate prerequisite courses have been taken. All courses must be taken for a letter grade and passed with a grade of C or higher.

Transfer Credit Policy for Students in the Minor

Students may apply a maximum of nine transfer credits toward the Business Minor.

Requirements for the Minor
1. BUS 111 or BUS 112
2. Six courses from the following (four courses must be 300 level or higher): ACC 210; BUS 215; BUS 220; BUS 294; BUS 302; BUS 326; BUS 330; POL 319; BUS 331; BUS 332; BUS 333; BUS 336; BUS 337; BUS 340; BUS 346; BUS 348; BUS 351; BUS 353 or BUS 383; BUS 354; BUS 364; BUS 390; BUS 391; BUS 393; BUS 399; BUS 440; BUS 446; ECO 108

Business Management

BUS 111: Introduction to Business for Non-Business Majors
Introduces students to major business topics that influence today's business practices. Explores contributions over the last century from Henry Ford to Bill Gates, showing how the Industrial Revolution became the Information Revolution. Provides knowledge of how business works and a perspective on its evolution into the next millennium. Integrates both introduction to business and management principles into one course. This course may not be taken for credit in addition to BUS 112. 
Prerequisite: Non Business Majors Only
3 credits

BUS 112: Introduction to Business and Environmental Sustainability
A lecture and applications oriented course that introduces major topics influencing today's business practices relative to environmental sustainability. The evolution of the field over the last century is explored, showing (1) how the Industrial Revolution completely ignored environmental and socially responsible business practices and (2) the somewhat more environmentally friendly atmosphere of the Information Age. The course also examines how businesses work, in view of the global need for sustainable decisions and positioning, and integrates an introduction to business and management principles, public health issues, ethical and socially responsible behavior, and ecological issues. May not be taken for credit in addition to BUS 111.
3 credits

BUS 115: Introduction to Business for Business Majors
Introduces business majors to critical business thinkers who have influenced today's business practices. Allows students to utilize material learned in class to demonstrate their research and writing abilities by tracking specific companies throughout the semester. Written and verbal reports required weekly to show how companies operate in contemporary business environment.
Prerequisite: BUS Major
Pre or co-requisite: WRT 102
3 credits

BUS 195: Business Honors Seminar I
The theme is business leaders. Each student will explore the life and business experience of a major business leader, either current or historical. The student reports on various aspects of the person's life, experiences, and contributions. The student will also find three mentors in their desired field of specialization through the Career Center, CoB faculty, or personal connections and interview them for a better understanding of business leaders and the reality of their specialization in today's work environment. The student will include both their report on their business leader and a report on their three interviews in his or her e-portfolio.
Prerequisite: Business Honors Program membership and department consent required.
1 credit

BUS 215: Introduction to Business Statistics
The application of current statistical methods to problems in the modern business environment. Topics include probability, random variables, sampling techniques, confidence intervals, hypothesis testing, and regression. Students analyze real data sets using standard statistical software, interpret the output, and write extensively about the results.
Prerequisite: BUS Maj/Min, CME Maj, or ISE Maj. Advisory Prerequisite: BUS 110, 111, 112, 115, and MAT 122 or higher. BUS or ISE Major: BUS 210
3 credits

BUS 220: Introduction to Decision Sciences
Familiarizes students with a variety of quantitative methods applicable in managing both the service and manufacturing sectors. Basic concepts of quantitative modeling are applied and tested in various examples supporting decision making in business settings. Topics include: optimization via linear, integer, and goal programming; simulation; decision and break-even analysis; and forecasting. (Formerly Management Science)
Prerequisite: BUS Maj/Min, MTD, ECO, ISE, or CME major; BUS 110, 111, 112, or 115; BUS 215; MAT 122 or higher
SBC: STEM+
3 credits

BUS 294: Principles of Management
An analysis and application of the basic principles of management. Subjects include management by objectives, supervisory leadership styles, current managerial problems, motivational techniques, organizational problems, communications, planning techniques and management control systems. We will closely examine case studies that focus on real world problems involving major corporations and closely look at the relationships that led to the issues.
Prerequisites: BUS Major or Minor; BUS 110, BUS 111, BUS 112 or BUS 115; U1 or U2 standing or permission of instructor
3 credits

BUS 295: Business Honors Seminar II
The theme is innovations. The student will explore the development and impact of a specific innovation. It could be a technological innovation (the MRI), a service innovation (FedEx), a manufacturing innovation (CAD/CAM), etc. The student will also compare and contrast their chosen innovation with one selected by another student in the class. The student's will add the report on the innovation and the comparison with another student's innovation to his or her e-portfolio.
Prerequisite: Business Honors Program membership and department consent required.
1 credit

BUS 296: Business Honors Seminar III
The theme is business enterprises. The student will explore the history, operations, marketing, financing, etc., of a significant business enterprise, current or historical. This will include a basic strategic analysis (SWOT, for example). The student will also compare and contrast their chosen business enterprise with that selected by another student in the class. The student's will add the report on the business enterprise and the comparison with another student's business enterprise to his or her e-portfolio.
Prerequisite: Business Honors Program membership and department consent required.
1 credit
